AUSTRALIAN CENTRE FOR EDUCATION

GEP program

Experience

ZTOA GROUP (2022 – 2025)

Full Stack & Mobile Developer

- Collaborated with cross-functional teams to design, develop, and maintain company and client websites and mobile application
- Built and optimized RESTful APIs and integrated them with web and mobile frontends
- Developed cross-platform mobile apps (iOS & Android) using React Native/Expo/Flutter, integrating device features such as camera, push notifications, and offline storage
- Designed and managed database schemas (PostgreSQL, MySQL, MongoDB) to support scalable applications
- Implemented secure authentication and authorization (JWT, OAuth, role-based access)
- Optimized websites for SEO and performance, boosting visibility and load speed
- Debugged and resolved technical issues across web and mobile platforms to ensure functionality and reliability
- Ensured responsive UI and cross-browser compatibility for seamless user experience
- Deployed and maintained applications using Git, Bitbucket, Docker, and cloud platforms (Vercel)
- Participated in Agile team meetings, providing progress updates and collaborating on project planning
